NIMS Resource Management and Typing

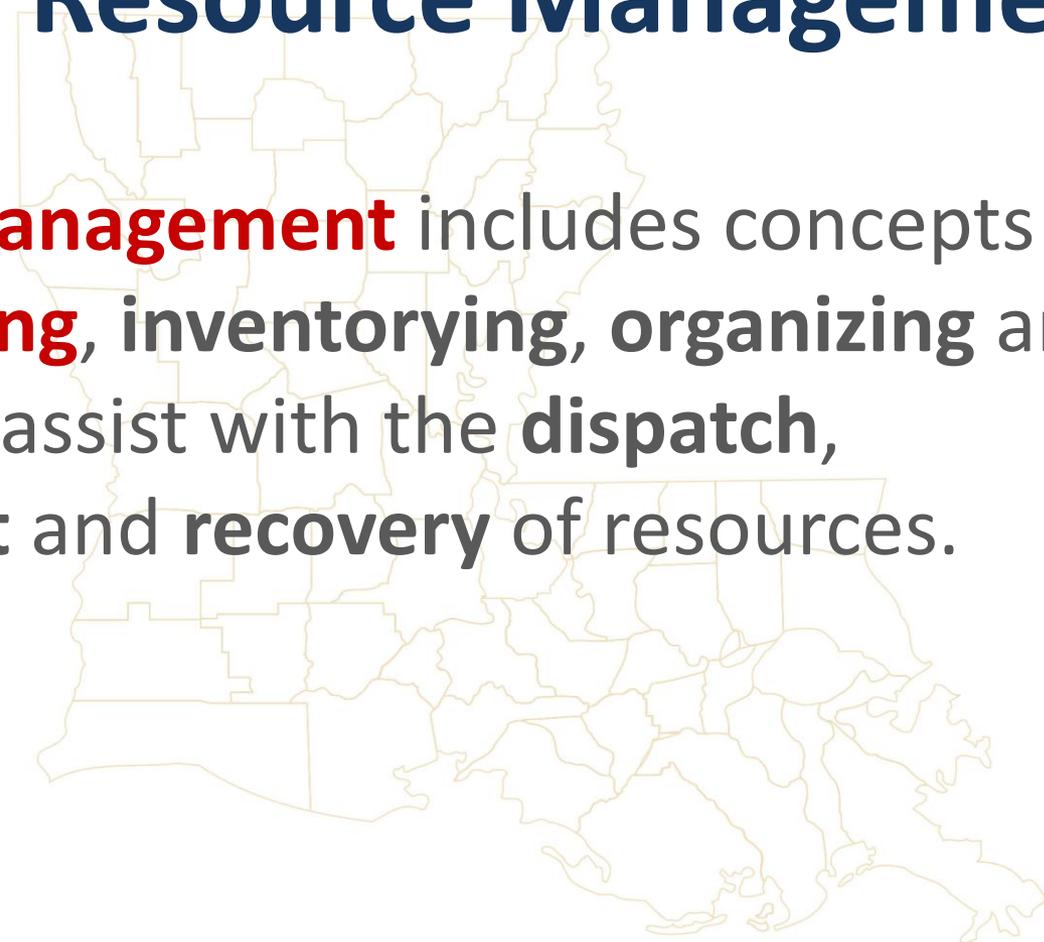

Prepare + Prevent + Respond + Recover + Mitigate

Resource Management

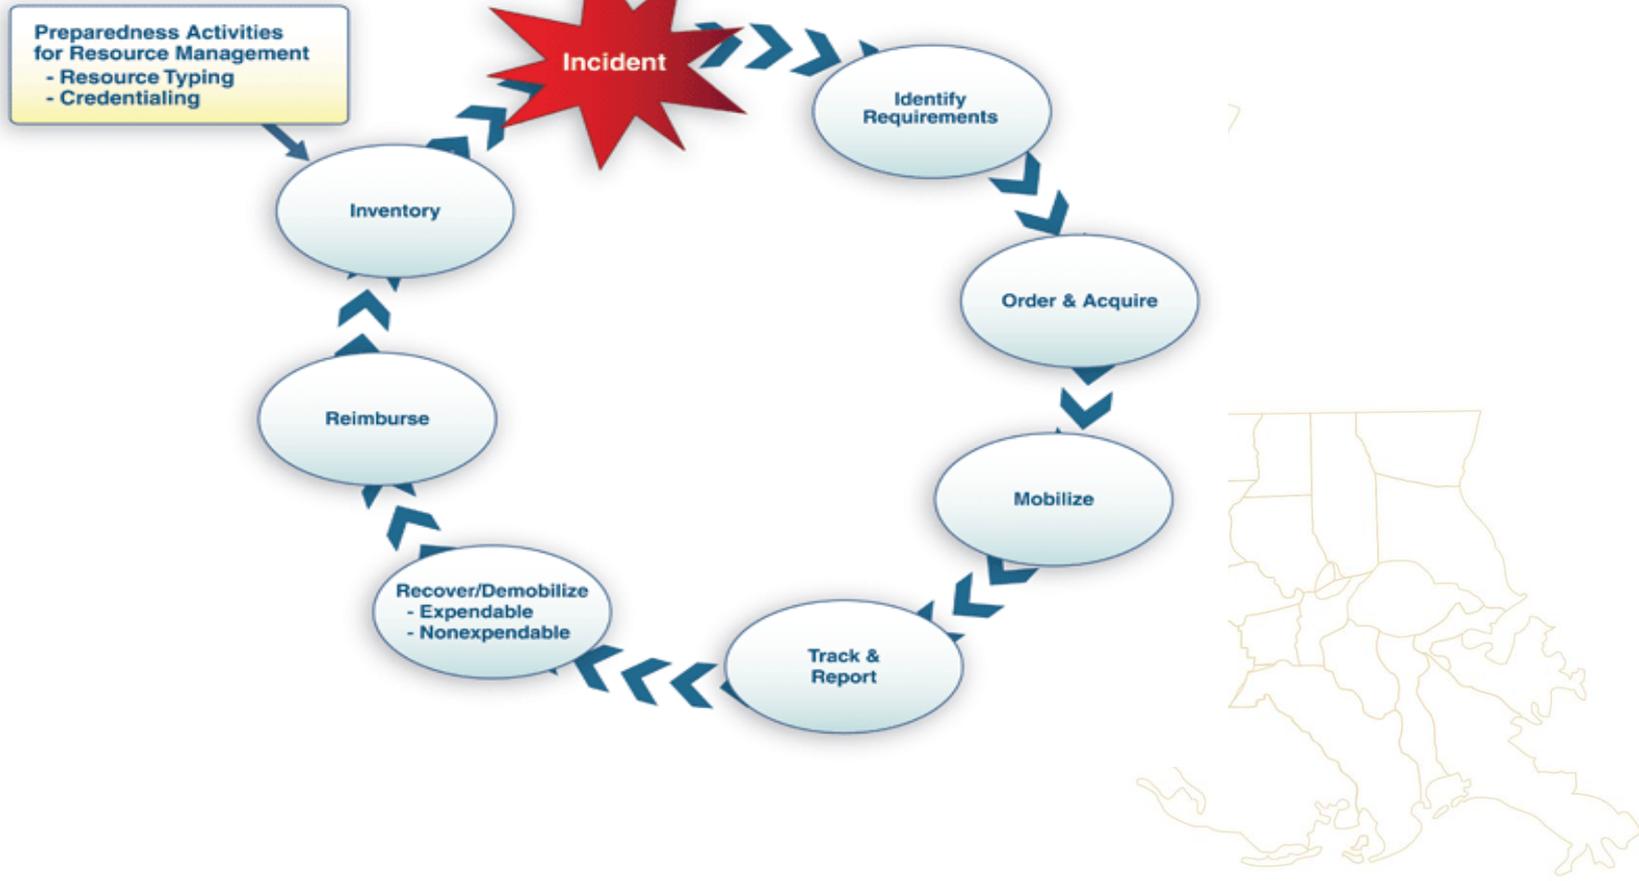

- **Resource management** includes concepts such as **typing**, **inventorying**, **organizing** and **tracking**, to assist with the **dispatch**, **deployment** and **recovery** of resources.

Resource Management

Prepare + Prevent + Respond + Recover + Mitigate

Resource Typing

- **Resource typing** is categorizing, by capability, the **resources requested, deployed** and **used** in incidents.

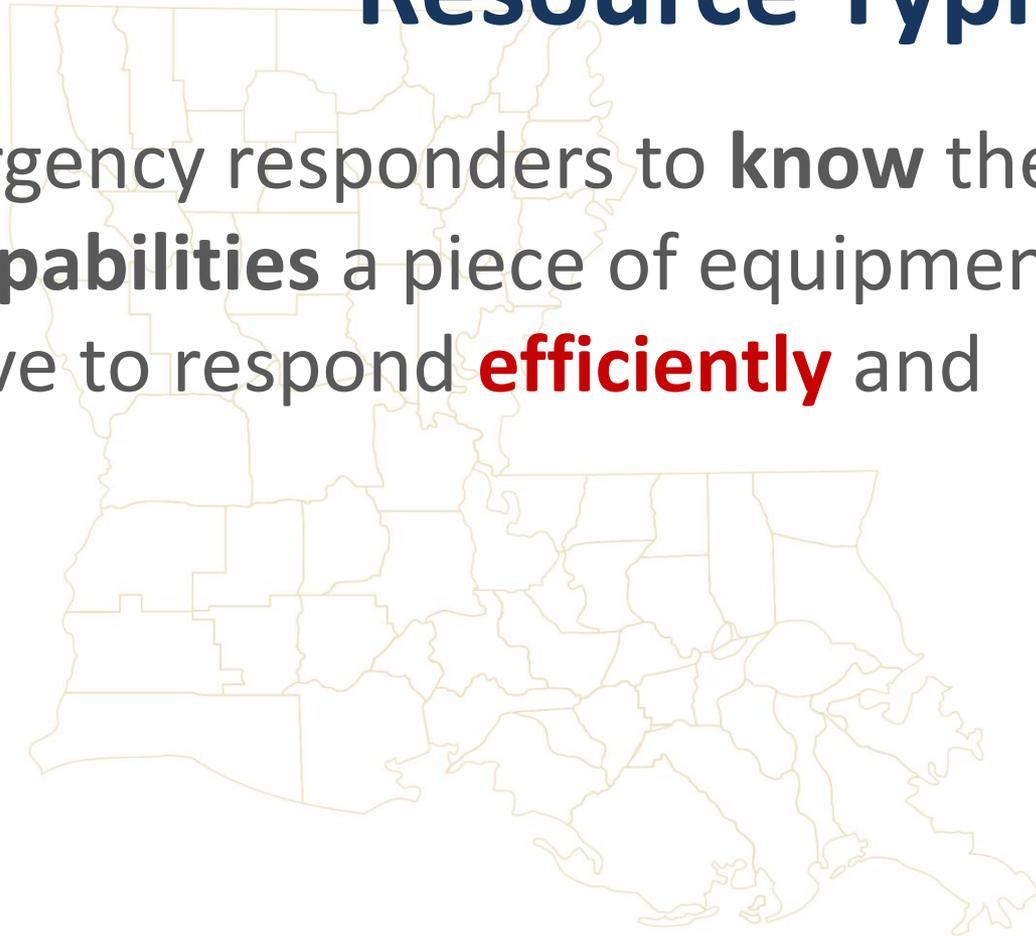

Prepare + Prevent + Respond + Recover + Mitigate

Resource Typing

- Allows emergency responders to **know** the **expected capabilities** a piece of equipment needs to have to respond **efficiently** and **effectively**.

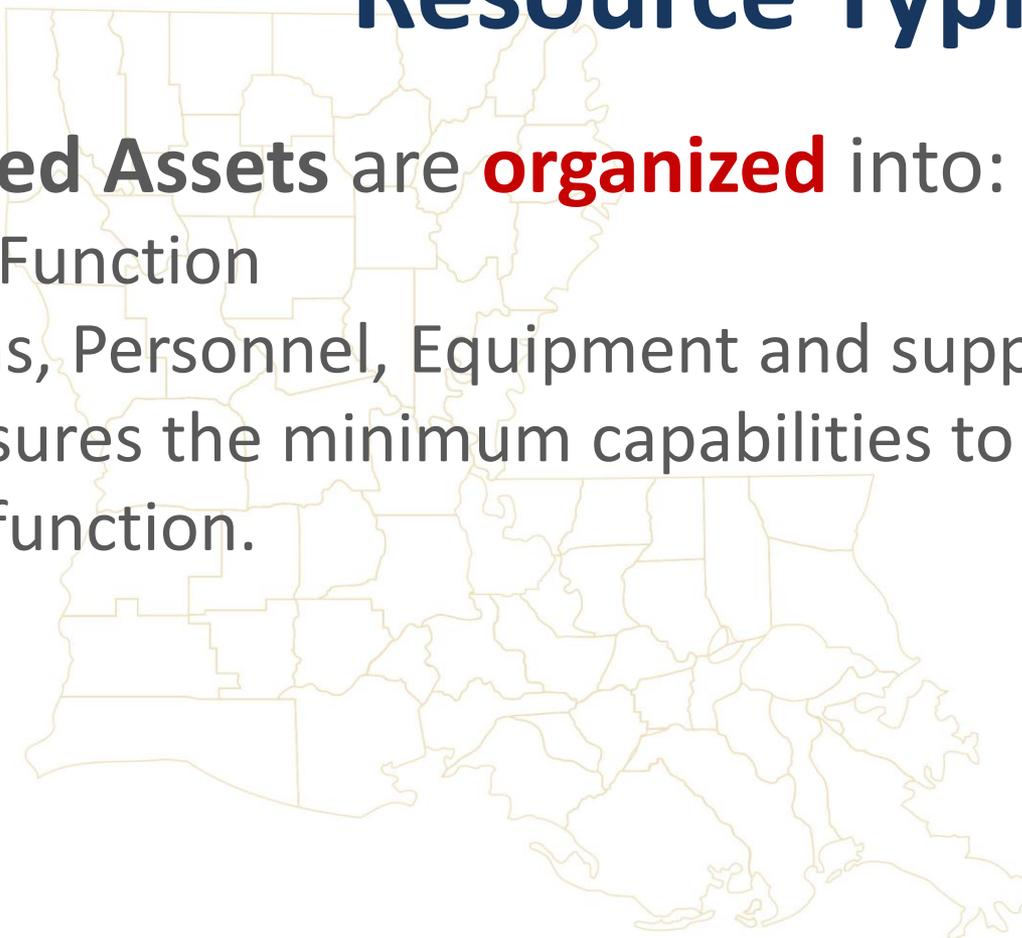

Prepare + Prevent + Respond + Recover + Mitigate

Resource Typing

- The **120 Typed Assets** are **organized** into:
 - **Category**: Function
 - **Kind**: Teams, Personnel, Equipment and supplies
 - **Type**: measures the minimum capabilities to perform a function.

Prepare + Prevent + Respond + Recover + Mitigate

Resource Typing

- All resources are **Type I** and up.
 - Type I implies a **higher capability** than Type II.
 - Equipment is typed based on its lowest capability.
 - Teams are typed and defined using equipment, personnel and training.

Equipment	Fire / Hazmat	HazMat Entry Team	I	N/A	WMD Liquid Splash-Protective CPC	N/A	N/A	Add New	Environmental Response / Health and Safety	\$90,000.00	This new PPE will increase a Type II to a Type I HazMat Entry Team by fulfilling the PPE requirements for a Type I team. This investment completes the upgrade of this team.
Training	Incident Management	Incident Management Team	III	N/A	N/A	55	3	Sustain Current	Operational Coordination	\$150,000.00	This Training sustained policy awareness for a State and two Regional IMTs. This training maintains emergency staff awareness that would have otherwise been out-of-date within 3 months of the training.

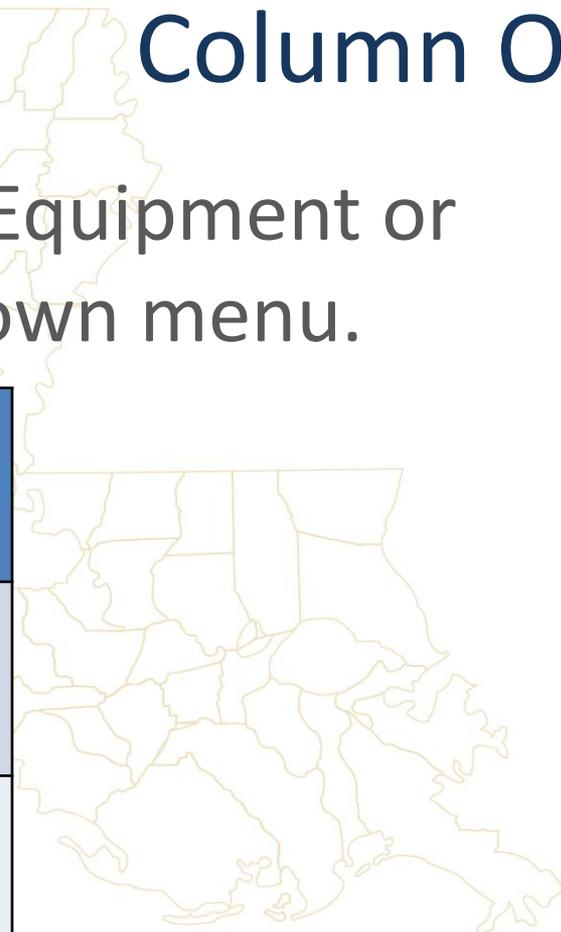

Prepare + Prevent + Respond + Recover + Mitigate

Completing the Resource Report: Column One

- Identify if the resource is Equipment or Training, from the drop down menu.
